Feeding recommendation

Large horses (600 kg body weight) 25 g / day

Small horses 12 g / day

(1 measure spoon = approx. 25 g)

The dosage can be doubled in times of increased stress.

This feed supplement contains more zinc than complete feeds and feeding is therefore limited to 50 g per day. This feed does not need to be identified as a genetically modified organism.

Storage note

Store the feed in a cool and dry place protected from direct sunlight. Use soon after opening. Store out of reach of children.
