Stiefel Flea Seed Husks

Benefits for the intestinal tract
Indian flea seed husks

Feed material for horses

Stiefel Flea Seed Husks can contribute to positively supporting the self-cleansing function of the intestine in cases of feed-related imbalances. Due to the high mucilage content of the swelling husks, the elimination of dirt and sand can be facilitated.

Composition

Flea seed husks 100 %

Analytical components

Crude fiber 3.76 %

Feeding recommendation

Large horses (600 kg body weight) 30 - 50 g / day

Small horses 10 - 15 g / day

(1 heaped tablespoon = approx. 12 g)

Leave 30 - 50 g to swell in 0.5 - 1 l of water for approx. 30 minutes and mix into the feed to provide a healing treatment.

Storage note

Store feed in a cool, dry place away from direct sunlight. Use soon after opening.

Presentation: Flea seed husks, milled
