

## Data Sheet

Version: 11.11.2021 – V1

### Stiefel Hemp Seeds

Good for coat, skin and the immune system  
Whole seeds

### Feed material for horses

Hemp seeds, also known as hemp nuts, can have many positive effects on the health and the entire organism of the horse. Stiefel Hemp Seeds can boost the immune system and improve the condition of skin, coat and hooves as well as ease inflammations and muscle or nerve ailments.

### Composition

Hemp seeds 100 %

### Analytical components

Crude fibre 99.90 %

### Feeding recommendation

Large horses (600 kg body weight) 60 g / day

Small horses 30 g / day

(1 heaped tablespoon = approx. 10 g)

Please feed slowly. Administer daily over a period of at least 2 to 8 weeks. The dosage can be doubled temporarily and in acute need. If the hemp seed is freshly squeezed or pounded before feeding the ingredients can be absorbed even better.

### Storage note

Store feed in a cool, dry place away from direct sunlight. Use soon after opening.

**ADMR:** ADMR 48 hours according to FN (version from: 28.06.21)
