Stiefel Ginger

Good for the musculoskeletal system
Root, ground

Feed material for horses

Stiefel Ginger can have a positive effect on the horse's musculoskeletal system and general well-being in cases of nutrition-related deficiencies. The naturally occurring pungent compounds may have a beneficial impact on muscle and joint function. The horse's respiratory and bronchial system may also be positively influenced.

Composition

Ginger, ground 100 %

Analytical components

Crude fiber 10.20 %

Feeding recommendation

Large horses (600 kg body weight) 20 g / day

Small horses 10 g / day

(1 heaped measuring spoon = approx. 10 g)

Please feed slowly. Do not feed during pregnancy. Do not feed the normal amount for more than 6 weeks. Lower doses can be given for a longer period of time. Mix ginger into food, moisten lightly if necessary.

Storage note

Store feed in a cool, dry place away from direct sunlight. Use soon after opening.

All participants are required to comply with the current anti-doping regulations (ADMR) established by the FN.
