Stiefel MAG Plus Powder

For more serenity
Magnesium with vitamin B12

Supplementary feed for horses

Stiefel Mag Plus Powder is used to provide support in stressful situations and to increase resilience. The effective combination of magnesium and vitamin B12 can have a positive effect on irritable, nervous or restless horses suffering from feed-related deficiency symptoms. This can promote resilience, concentration and willingness to perform.

Composition

Dextrose 57.00 %; Magnesium oxide 19.00 %; Calcium carbonate 16.00 %;
Magnesium fumarate 5.00 %

Additives per KG

Nutritional additives:

Vitamin B12 250,000 mcg

Analytical components

Crude protein 0.20 %; Crude fiber 0.00 %; Crude oils and fats 0.10 %; Crude ash 30.50 %; Calcium 5.70 %; Magnesium 10.00 %

Feeding recommendation

Large horses (600 kg body weight) 25 g / day

Small horses 12 g / day

(1 heaped measuring spoon = approx. 25 g)

Recommended duration of feeding: 2 to 4 weeks.

It is recommended to consult a specialist before feeding the additive.

Tip! The dosage can be doubled during the first 10 days.

Storage note

Store the feed in a cool and dry place protected from direct sunlight. Use soon after opening. Store out of reach of children.
